

**Name: Maria Koutsodimou**

**Title: Biologist**

**Email: mkouts@hcmr.gr**

**Tel: 22910 76317**

**Fax: 22910 76419**

**Educational profile:**

- BSc in Ichthyology, Faculty of Fisheries and Aquaculture, Technical School of Messolongi (1997)
- BSc in Biology, Faculty of Biology, School of Science, National and Kapodistrian University of Athens , UOA (2014)
- MSc in Environmental Health, National School of Public Health, NSPH Athens (Thesis submitted, acquisition of title anticipated in 2019)

**Professional Profile:**

- 1997-today: Scientific personnel, Hellenic Centre of Marine Research (HCMR), Attica, Greece (Institute of Aquaculture 1997-2004, Institute of Marine Biological Resources and Inland Waters 2004-today)

**Recent Research Interests:**

- Implementation of the European Water Framework Directive (2000/60/EU) on the Greek rivers
- Reference conditions and classification of surface inland waters
- Evaluation of the ecological status of Greek rivers. Improvement of “Greek Nutrient Classification System” index.
- Identification and classification of fresh water benthic macroinvertebrates

### Recent Research Projects:

- **TempQsim** (ENVK1-2001-00247) 2003-2006. «Evaluation and improvement of water quality models for application to temporary waters in Southern European catchments»
- **ANAPODARIS CRETE** 2005-2006. «Pilot study of the implementation of the WFD 2000/60 EU on a temporary river basin», a case study on «Evaluation of the ecological status of Anapodaris stream, Crete»
- **LIFE Environment** (LIFE05 ENV/GR/000245) 2005-2008. «Environmental friendly Technologies for agricultural development (The Evrotas river case)»
- **European Researchers' Night: 2007-2018<sup>+</sup>**. REN ATHENS
- **MIRAGE** (FP7-ENV-2007-1) 2009-2011. «Mediterranean Intermittent River ManAGEment»
- **Μεσσηνιακά Ποτάμια** (Rivers in Messinia): 2010-2013.
- **EPPERAA - Eight Prefectures**: 2012-2015. Ecological quality monitoring of waters, rivers, littoral & transitional waters of Greece – Implementation of the Article 8 of the Directive 2000/60/EC, Eight Prefectures (Eastern Macedonia & Thrace, Epirus, Thessaly, Ionian Islands, Western Greece, Peloponnese, Northern Aegean and Crete).
- **EPPERAA – Western-Central Greece, Attica, Central Macedonia, Western Macedonia, Southern Aegean**: 2012-2015. Ecological quality monitoring of waters, rivers, littoral & transitional waters of Greece – Implementation of the Article 8 of the Directive 2000/60/EC, Prefecture of Western-Central Greece.
- **GlobAqua**: 2014-2019. Managing the effects of multiple stressors on aquatic ecosystems under water scarcity
- **ΥΜΕΠΕΡΑΑ-ΟΠΥ**: 2017-2023. Monitoring and Recording of the Water Status (Quality, Quantity, Pressures, Use) in Greece
- **RESILIENT: 2018-2019**. Population assessment of the Corfu killifish and other Greek endemic freshwater species using established and innovative methods.
- **COASTAL**: 2018-2022. Collaborative Land-Sea Integration Platform.

### Educational activities:

Active member of HCMR Educational Unit: 2004-today

## Publications
