

PERSONAL INFORMATION

Archontia Chatzisprou

📍 Institute of Marine Biological Resources and Inland Waters, Hellenic Centre for Marine Research
46.7 km of Ath - Sounio Ave., Anavissos, 19013, Greece

☎ (+30) 2291306241

✉ a.chatzisprou@hcmr.gr, adachatzi10@gmail.com

[Archontia Chatzisprou – IMBRIW](#)

Nationality Greek

EDUCATION AND TRAINING

03/2017–2025

PhD candidate (due to defend my thesis)

Department of Biology, University of Patras, Rio, Greece.

PhD thesis: "Biological and ecological patterns of the Superorder Batoidae (Elsamobranchii) in the eastern Ionian Sea".

Supervisor: Prof. C. Koutsikopoulos

09/2002–07/2005

MSc in Biological Oceanography

Department of Zoology- Marine Biology, National and Kapodistrian University of Athens.

MSc thesis: "Reproductive biology and feeding habits of the spiny dogfish, *Squalus acanthias*, in the Eastern Mediterranean Sea".

Supervisor: Prof. P. Megalofonou

09/1996–06/2000

BSc in Marine Biology

Department of Zoology, Aberdeen University, Scotland, U.K.

BSc Thesis: "The ultrastructure of the integumental organs of *Lepeophtheirus salmonis* (Copepoda: Caligidae), in relation to sex pheromone release".

Supervisor: Prof. J. Mordue

WORK EXPERIENCE

09/2013–Present

Research Associate

Hellenic Centre for Marine Research, Argypoli, Athens (Greece)

Institute of Marine Biological Resources and Inland Waters

"National Data Collection Framework (DCF) program".

- *Maturity staging in commercial species (bony fish, crustacean, elasmobranchs)*
- *Applying ageing methodologies in commercial fish*
- *data entry and analysis*
- *preparing technical reports and participating in workshops/ meetings*

02/2019–12/2023

Research Associate

Hellenic Centre for Marine Research, Argypoli, Athens (Greece)

Institute of Oceanography

- 08/2014–Present
- Research Associate**
Hellenic Centre for Marine Research, Argypoupoli, Athens (Greece)
- "MEDITS program"
- *Participation in the preparation of the final list of vulnerable/ threatened species in the Greek Seas*
 - *Preparation of monitoring proposals*
 - *Writing technical reports for Directive 1 (Biodiversity)*
- 11/2004–02/2008
- Marine Biologist**
MOM/Hellenic Organization for the Study and the Protection of the monk seals, Athens and Alonissos (Greece)
- Rescue and Rehabilitation**
- *rescuing wounded and sick monk seals*
 - *rehabilitating assistant in the Rehabilitation Centre of monk seals, in Alonissos*
 - *carrying out necropsies on stranded seals*
 - *participating in meetings and Conferences on marine mammals*
 - *prepare reports and proposals*
 - *participated in Environmental Education in schools of the Greek islands*
- 08/2005–06/2006
- Research Assistant**
National and Kapodistrian University of Athens (Greece)
- Department of Zoology- Marine Biology**
- "PYTHAGORAS II: monitoring the effect of fisheries and pollution in Chondrichthyan fish of the coastal areas of the eastern Mediterranean Sea"
- *Collection of samples from the fishing markets*
 - *Preparation and participation in students' laboratory work (dissecting and collecting samples from dogfish specimens)*
 - *Collecting samples for heavy metal analysis*
- 2005–2008
- Research Assistant**
MOM, The Hellenic Society for the Study and Protection of the Mediterranean Monk Seal, Athens (Greece)
- The MOFI project "Monk seal and Fisheries: Mitigating the conflict in Greek Seas". LIFE- Nature 2005.
- *Collecting data on stranded seals*
 - *Reporting the causes of death of the monk seals in the Greek waters*
- 07/2004–07/2005
- Research Assistant**
MOM, Hellenic Society for the Study and Protection of the Mediterranean Monk Seal, Athens (Greece)
- MICRO II project: "The Mediterranean Monk seal: Confronting emergencies in the Eastern Mediterranean through exchange of know-how and network building". Greece - Turkey co-operation.
- *Exchanging experience with the Turkish group working on monk seals of the Aegean Sea.*
- 2002–2003
- Research Assistant**
National and Kapodistrian University, Athens (Greece)
- Department of Zoology- Marine Biology**

ELKE project "Fisheries biology of the large pelagic fish of the Greek Seas"

- Collecting biological data on large pelagic fish.

PERSONAL SKILLS

Mother tongue(s)

Greek

Foreign language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C2	C2	C2	C2	C2
French	A2	A2	A1	A1	A2

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user Common European Framework of Reference for Languages

Organizing skills

- Organized the European workshop entitled "Ensuring the survival of the monk seal pups in Greece". July 2005, Athens, Greece.
- Training on the Rescue and Rehabilitation of Marine Mammals, Marine Mammal Centre, San Francisco, California, 1-31 May 2006.

ADDITIONAL INFORMATION

- Member of International workshops on the ageing criteria and the evaluation of the maturity stages of bony fish and elasmobranchs (ICES working groups, 2018-present).
- Member of the ICES working group on By-catch of vulnerable/protected species (WKCOFIBYC and WGBYC expert groups, 2020-present).
- Member of the STREAMLINE teams groups, Task 2.2 "The incidental by-catch of vulnerable species" (2021- 2022).

Volunteering work

- 1) Volunteering Program on the Cetacean of the Canary Islands, Proyecto Ambiental, Tenerife, Spain. 1- 30 September 2000.
- 2) Summer Volunteering Program, Pelagos Institute, Greece: *Monitoring populations of dolphins and sperm whales of the Ionian Sea*. August 2004- September 2004.
